PRIYANKABA JADEJA

SOFTWARE DEVELOPER | FRONTEND & APPLICATION DEVELOPMENT

+91 72858 46840 | priyankaba2611@gmail.com | Bhuj, Gujarat, India
Portfolio: priyankaba-jadeja-portfolio.vercel.app | LinkedIn: linkedin.com/in/priyankaba-jadeja | GitHub: github.com/Priyankaba-jadeja-26

PROFESSIONAL SUMMARY

Integrated MSc (CA & IT) student with hands-on experience building web applications using React, TypeScript, and Supabase. Projects include a daily reflection app, a personal portfolio, and a database-driven restaurant QR ordering system. Also involved in SSIP-approved AI/IoT research projects, with additional experience in technical writing, teaching, event hosting, and brand design. Seeking software development internship or junior developer opportunities.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, TypeScript, React
Backend & Databases: Supabase, SQL, MongoDB [basics], PHP
Programming Languages: Python, Java, C, C++
Tools & Platforms: Git, GitHub, Vercel
Additional: IoT, Research Documentation, Technical Writing, Problem Solving

PROJECTS

Aroha — Daily Growth & Reflection App
Technologies: React, TypeScript, Supabase
Built a daily reflection and personal growth application with authentication and journaling features.
Live: https://arohaa.lovable.app | GitHub: github.com/Priyankaba-jadeja-26/aroha-daily-growth-ui

Restaurant QR Ordering System [currently working on it]
Technologies: React, TypeScript, Supabase, TanStack Router
Developing a database-driven restaurant ordering experience with QR-based table access, dynamic menu data, cart functionality, and an admin orders view.
GitHub: github.com/Priyankaba-jadeja-26/RestaurantQRSystem

Zaika on Angaara — QR Food Ordering Web Application
Development approach: AI-assisted development with Lovable
Customer-facing menu supports QR-based browsing and ordering; the admin dashboard displays incoming orders, order statuses, and today's sales total.
Live: https://zaika-on-angaara.lovable.app

Personal Portfolio Website
Technologies: HTML, CSS, JavaScript
Designed and developed a portfolio website to present projects, achievements, and professional experience.
Live: https://priyankaba-jadeja-portfolio.vercel.app | GitHub: github.com/Priyankaba-jadeja-26/Priyankaba_jadeja_portfolio

AI-Based Smart Spectacles for Eye Health, Stress Monitoring & Mental Well-Being
Technologies: AI, IoT, Research
SSIP-approved research project focused on AI-powered wearable health monitoring.

AI & IoT-Based Brain-Controlled Assistive Home System
Technologies: AI, IoT, Brain-Computer Interface (BCI)
SSIP-approved research project integrating brain-computer interface, AI, and IoT technologies.

EXPERIENCE

Freelance Content Writer & Scriptwriter | *2024 – Present*
